

Autumn 1 - Year 3

Knowledge & Understanding of the World **Humanities**

During this term-long topic, we'll be looking at the changes in Britain from the Stone Age to the Iron Age. We'll be learning about how people survived in the 'Savage Stone Age'.

Computing

This half term we will be programming our very own animations to form animated storyboards.

Science

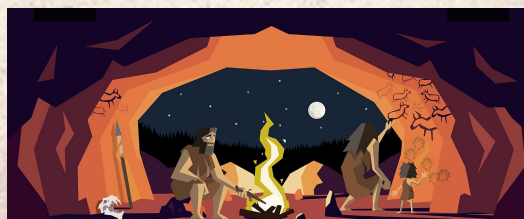

Our Science focus for this half term is Rocks. We will be learning to compare and group rocks based on their properties and we'll be learning how fossils are formed.

Design Technology

We'll be learning about Stone Age Jewelry and tools and using these as inspiration for designs of our own.

Problem Solving & Reasoning **Maths**

This half term, we'll be focusing on Place Value (Numbers up to 1000) and Addition & Subtraction.

The Stone Age

Personal, Social & Emotional Development **PSHE**

Our PSHE topic this half term is developing skills to be 'Independent Enquirers'.

RE

Our RE topic for the year is centred on the theme of Founders & Leaders. This half term, we'll be discussing the question, 'What is a Leader?'

Communication, Language & Literacy **Literacy**

Narrative: Short Stories

This half term we will be using 'Stone Age Boy' as a stimulus for writing and to develop our comprehension.

Instructions

In topic lessons, we'll be using 'Stone Age Boy' & 'How to Wash a Woolly Mammoth' to help us write our own Stone Age inspired instructions

Creative Development **PE**

This half term we will be working with our specialist sports coach on our topic of Invasion Games.

Art

Linked to our topic, we will be learning about cave paintings and creating our very own designs.
