

Problem Solving, Reasoning & Numeracy

Maths

Our Singapore Maths units this half term will cover numbers to 100, Addition and Subtraction as well as the 2, 5 and 10 times tables.

Knowledge & Understanding of the World

Computing

Our lessons will build upon the children's previous knowledge, skills & understanding within 3 distinct areas - Information Technology, CS Theory & Digital Literacy. This half term, we will use search engines safely & upload relevant information, create digital art using text, and look closely at what technology is around us.

Beliefs

This half term we will be learning about Buddhism & Islam, and begin to understand how & why important symbols are used.

Science

The children will learn to identify & compare 'Everyday Materials'. We will also explore how some solid materials can be changed through physical actions.

Geography/History

We will study the life & deeds of King Alfred the Great while also exploring our local castles (Beeston & Runcorn castles). Within Geography, the child will use maps to help locate & name the 4 countries & capital cities that make up the UK, as well as its surrounding seas.

Personal, Social & Emotional Development

Jigsaw 4-11 Scheme

The class will continue to learn to reconnect with Nature to help improve our Mental Health. We will also learn how to deal with our own emotions and feelings, as well as recognising them in others.

We will focus on our rights & responsibilities, rewards & consequences, and also learning how to value contributions from our peers.

Communication, Language & Literacy

Literacy

The children will develop their narrative writing skills to help create their own baby dragon tale. We will make small changes to our class story with the help of our imaginations & through our own class experiences (knight visit). The class will also explore & write our own shape poems based on our class book.

Music

We will learn to focus on the tempo and pulse of songs through our hands, feet and bodies. The children will then compliment the song with our voices and instruments.

Creative Development

Art

The pupils will learn to make observational line drawings & will also create a moving class sculpture inspired by the artist Silvia Stobos-Buch

DT

The children will research, design & create their own Medieval Catapult / hand cannon.

PE

Our PE focus this half term is Invasion Games. The children will also have Forest Schools every week.
