

Spring 1 - Year 1

Communication, Language & Literacy

We will be using 'The Lion Inside' by Rachel Bright & Jim Field. The children will be writing a story based upon a character taking a journey. We will continue to focus upon capital letters, finger spaces and full stops, as well developing our use of adjectives, conjunctions and many different forms of punctuation.

Problem Solving & Reasoning

Maths

The children will continue to focus on numbers and number bonds to 20. After that, they will look at addition and subtraction within 20 including word problems. We will also begin to look at money, length, height, volume, capacity and mass.

The children will also use Maths Mastery to enhance their understanding of number and calculation.

Creative Development

PE

This half term, our PE topic will be Gymnastics will focus on balancing, spinning and moving our bodies into different forms and positions.

Music

The children will be focusing on Musical Patterns, exploring Descriptive Sounds and Performance.

Personal, Social & Emotional Development

PSHE

Our PHSE topics will be 'Dreams and Goals' as well as focusing on 'Friendship' and other ELSA related areas of work.

RE

The children will focus on Christianity and will attempt to answer the question 'Why do Christians say that God is a Father?'

Creative Development

Science

We will focus on 'Animals including Humans'. The children will learn about the similarities and differences between humans and many different animals. We will also begin to group many different animals based upon their features.

History

This term, we will be studying Queen Victoria & Queen Elizabeth I. The children will compare both their lives & the impact they had on the World.

Geography

This term, the children will investigate the weather across the UK. We will look at weather symbols and patterns, and will look at similarities and differences across the 4 countries that make up the UK.

Computing

This half term, we will continue to learn about E-Safety and how to communicate sensibly, how to access and navigate the internet and Seesaw. We will also control robots and describe technology used beyond school.

Art

This term, the children will complete a sculpting unit inspired by the work of Louise Bourgeois.

DT

This term, we will be focusing on mechanics. The children will then design and construct their own Vehicles and evaluate them.
